

## DoD NAF Health Incentives Program\*

Each calendar year, DoD NAF employees, retirees and covered dependents can earn health incentives as a reward for taking healthy actions. If you're enrolled in an Aetna® medical plan, you and your covered spouse can each earn up to \$300 in incentive monies for taking healthy actions. The actions you can take are listed in the chart below.

Activity	Health Incentive Amount
<b>Employees, retirees and covered spouses can each earn:</b>	
Complete the health assessment on <b>Aetna.com</b> (log in first)	\$75
Complete the biometric/metabolic syndrome screening between January 1 and November 30, 2024	\$150
Complete 3 calls with a disease management nurse to work on a health goal (not available to overseas employees)	\$75
Complete an online Journey* (average time: 32 days)	\$75 each; up to 4 Journeys
<b>Dependent children under age 18 can each earn:</b>	
Complete preventive exam for children under age 18	\$50

**All activities must be completed between January 1 and December 31, 2024 — except the biometric screening, which must be completed by November 30, 2024.**

### How you spend your earned incentive monies

#### **For members enrolled in the Aetna Choice® POS II or Traditional Choice® plans (starting January 1, 2024):**

- When you earn your first incentive monies, they'll be deposited onto a Health Reimbursement Account (HRA) debit card, and that card will be mailed to you.
- As you earn more incentive monies during the year, they'll automatically be added to your debit card balance.
- You can use those funds to help pay for eligible medical, dental and pharmacy expenses.
- You can also let the funds build for future expenses.
- You have until the end of your plan's claims submission period of April 30 to submit claims for eligible expenses incurred the prior plan year.
- Any funds remaining on your HRA debit card at the end of the year will carry over to the following year.

#### **For members enrolled in the High Deductible Health Plan (HDHP) who are eligible and who have elected a Health Savings Account (HSA) or Health Reimbursement Account (HRA):**

- Earned incentive monies get deposited into your HSA or HRA for you to use toward eligible health care expenses. You can use the funds for eligible health care expenses for any covered tax dependent (up to age 24 for dependent children).
- For those with an HSA (active employees and pre-65 retirees), earned incentive monies remain in your HSA until you use them.
- For those with an HRA (Aetna International and post-65 retirees), earned incentive monies are available in your account for the time that you are covered under the HDHP with an HRA.
