

## **NOTICE OF CREDITABLE COVERAGE**

### **Important Notice to Navy Exchange Service Command (NEXCOM) Health Maintenance Organization (HMO) Plan Participants About Your Prescription Drug Coverage and Medicare**

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the Triple S Insurance Company Plan and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. NEXCOM has determined that the prescription drug coverage offered by the Triple S Insurance Company Plan, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**

### **When Can You Join A Medicare Drug Plan?**

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15<sup>th</sup> through December 7<sup>th</sup>. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

## **What Happens To Your Current Coverage If You Decide To Join A Medicare Drug Plan?**

**If you decide to join a Medicare drug plan, your Triple S Insurance Company Plan coverage will not be affected. See below for more information about what happens to your current coverage if you join a Medicare drug plan. Your options include:**

- 1. You can continue enrollment in the Triple S Insurance Company Plan and not enroll in the Medicare prescription drug coverage.**

Because your Triple S Insurance Company Plan prescription drug coverage is on average at least as good as standard Medicare prescription drug coverage, if you do not join a Medicare prescription drug plan now, you can choose to join one later without any penalty for late enrollment.

## **When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?**

You should also know that if you drop or lose your coverage with the Triple S Insurance Company Plan and don't enroll in Medicare prescription drug coverage after your current coverage ends, you may pay a higher premium (a penalty) to enroll in Medicare prescription drug coverage later.

If you go 63 continuous days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly premium may go up at least 1% per month for every month that you did not have that coverage. For example, if you go nineteen months without coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You'll have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to enroll.

- 2. You can continue enrollment in the Triple S Insurance Company Plan and also enroll in the Medicare prescription drug coverage.**

If you are considering remaining in the Triple S Insurance Company Plan and also enrolling in the Medicare prescription drug coverage, you should be aware that Triple S Insurance Company Plan can coordinate benefits with Medicare for prescription drugs in plan year 2025.

The Triple S Insurance Company Plan provides preventive health care, medical care, and hospital services, as well as prescription drugs. If you choose to continue the Triple S Insurance Company Plan coverage and enroll in a Medicare prescription drug plan, you will still be eligible to receive all of your current Triple S Insurance Company Plan medical insurance coverage.

- 3. You can drop your Triple S Insurance Company Plan and enroll in a Medicare prescription drug plan.**

If you do decide to enroll in a Medicare prescription drug plan and drop your Triple S Insurance Company Plan, be aware that you and your dependents will not be able to re-enroll in the Triple S Insurance Company Plan until the next open enrollment.
